Dear Colleague,

I'm really feeling the need to get away from it all and go gorilla trekking again. It's been a few years since my last trek, and wouldn't it be lovely to escape the texts, emails, FB messenger, Skype, WhatsApp and the general pinging of modern day life in the travel business?

It's those moments in nature, or in special places, that make our chosen careers the best in the world!

We are so privileged to work with fabulous companies on the African continent who are really doing an amazing job of living up to the Emerging Destinations vision statement -- Saving Wild Places Through Travel. Take a look below at updates from [Adventure Consults](#), [Elewana](#), [SkySafari](#), [Cheli & Peacock](#) and [EcoTraining](#)!
